How the Enlarged Lambda Chi Alpha House Will Appear

THE ABOVE ARCHITECTURAL DRAWING, prepared by the architectural firm of Richardson, Severns, and Scheeler (the Scheeler being James Scheeler '51 of Chi Zeta) shows how the enlarged and modernized Lambda Chi Alpha house at Illinois will appear. A program to enlist alumni support in making the construction of the new addition possible is now being organized.

Chi Zeta Men Given Honors in Activities

Chi Zetas are always active in campus affairs. We are extremely proud of the brothers who received recognition during the spring semester.

Pat McLoughlin '67, Decatur, earned membership in Phi Eta Sigma, freshman scholastic recognition society. Bill Smilie '67, Joliet, was selected for Omega Beta Pi, national pre-medical honorary society. Our representative for Ma-Wan-Da, men's activities honorary society is Tim Madigan '65, Philo.

Gary Gardner '66, Danville was accepted into Sachem, junior men's activities and social honorary society and Mask & Bauble, theatre honorary society. Tony Schnarsky is now a member of an architects honorary society, while Jim Sirois was initiated into Phi Mu Alpha, national music professional society.

Next year Monty Wyne and Tom Potenza will be sophomore managers in the University Theatre and

Gary Gardner will be a junior manager with the same group. Steve Young '67 will be a sophomore manager of Star Course. Last but not least, Joe Smolik is the new vice president of the Weightlifters Club.

Gary Gardner '66 Authors Workshop One-Act Play

University Theatre Playwright's Workshop produced an original one-act play written by Gary Gardner '66, Danville, this Spring.

His one-act farce entitled "Arnold's Grandmother" received a good review by **The Daily Illini** student newspaper and was said to have satirical political overtones.

The play was written in the style of the "theatre of the absurd", satirized everything from the female domination of the male to organized religion. The purpose of the Playwright's Workshop is to provide students with the opportunity to establish themselves with modern theatre methods.

Grid Tickets Available For Homecoming

Start to make your plans now to attend the U. of I. Homecoming activities scheduled for Saturday, October 10. Because it's the first home game of the season, we're really expecting a big crowd on campus and so our alumni association has purchased a block of 200 tickets especially for this game in which the Illini are slated to smash Ohio State.

Buy your tickets from us so that all Lambda Chis and friends may be together for the game. Send the number of tickets you need and the money (they're not free) to:

Marvin D. Heffington
508 W. Hill St.
Champaign, Illinois

Big Homecoming festivities are planned and there is talk of making it a special occasion for all alumni, including the Class of 1939 on their 25th anniversary. The undergraduates think they have a prize-winning Stunt Show Skit in the works.
